

# *On the Path*

Dear Friend,

The quest for love and friendship makes a world of difference. Each of us has an effect on every person we encounter. Being full of joy can change everything! Seek those on the path you resonate with. Friends are the greatest gift we can give ourselves.

During the summers of my youth, I rode my bike to the community pool every day. I loved to run and leap off of the ten-foot diving board. I pulled my knees tight to my chest for the classic "cannon ball." When I hit the water just right, suction was created causing a giant splash!

One person's life is a pebble tossed into a pond, sending out ripples of change. When we act collectively, we are boulders thrown into a lake, generating big waves that go beyond the shores of our lives.

*Make big waves!*

Maggie and I believe that the evolution of the human spirit makes a world of difference. We hope to meet some of the readers of our book and become mutual mentors. In that spirit, we invite you to write and tell us your reflections and stories, virtues and adventures on your own quest for deeper friendship. We encourage you to gather with your friends and discuss the language of love.

May you create an abundance of love and laughter!

Blessings,

*Bob and Maggie*

# *Big Thanks*
